GOLDEN TAURUS AQUAPARK RESORT · PINEDA DE MAR

Guest app

It starts with a good Wi-Fi connection.

Proposal by Diego Robert · October 2026

EVERYDAY LIFE AT RECEPTION

The same questions, every day

“What’s the Wi-Fi?”

Network, password and a login page that won’t open.

“What time…?”

Breakfast, pools, aquapark, check-out.

“Could you bring me…?”

Towels, a pillow, a taxi, a massage.

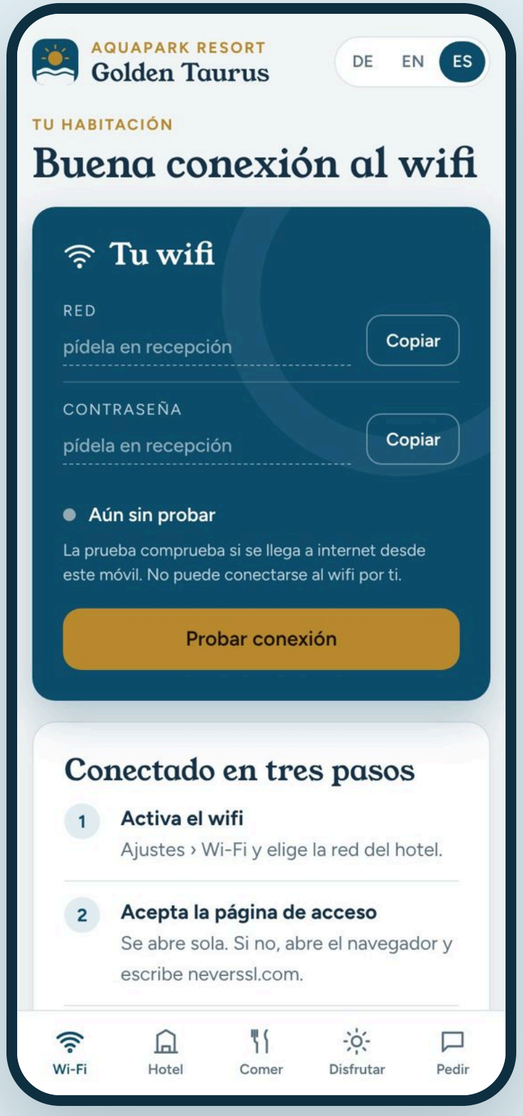

With 440 rooms and guests from many countries, every repeated question costs the team time.

THE SOLUTION

An app on the phone, nothing to download

The guest scans a QR code in the room and the app opens instantly. It works on iPhone and Android, in Spanish, English, German and Chinese.

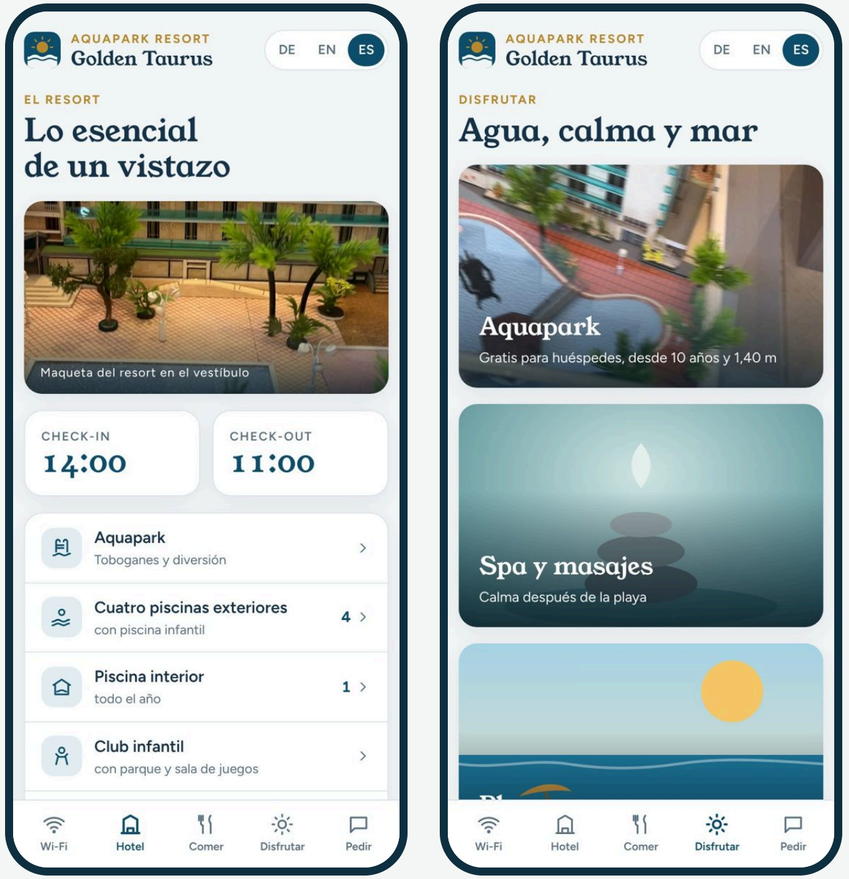

The first screen solves the most urgent need: getting onto the Wi-Fi.

WHAT'S INCLUDED

Five sections

Section	For the guest
Wi-Fi	Login details, connection test, step-by-step help
Hotel	Hours, pools, kids club, parking, contact
Food	Breakfast, restaurants, bars
Enjoy	Aquapark, spa, beach, Barcelona
Requests	Towels, taxi, massage, notes to reception

POSSIBLE EXTENSION

The lobby model, on the phone

A resort map inside the app: pools, aquapark, restaurants, spa and reception, with the way from the room.

Useful in a 440-room resort, especially on the first day.

FOR THE GUEST

Connected in three steps

1

Scan

QR code in the room, at reception and by the pool.

2

Open

The app opens in the browser, in their language.

3

Connect

Wi-Fi details at hand, a connection test and help if something fails.

FOR THE HOTEL

What Golden Taurus gains

Happy guests from the first minute

Wi-Fi sorted in the room, no queues at reception.

A calmer reception

Frequent questions are answered on the phone; requests arrive clearly.

Spa, restaurants and excursions in view

Every guest sees the hotel’s offers on their phone and books with one tap.

Your look, your languages

Hotel design, five languages and texts the team changes without a developer.

INVESTMENT

One fixed price

CHF 12,000

One-off payment: complete app, hotel design, 5 languages, content management, QR codes and training.

Optional

Hosting, updates and support: CHF 150 per month.

Payment 40 % on order · 40 % with the test version · 20 % at launch · about 6 weeks

HOW WE START

Three simple steps

1. **Today:** try the app on your phone, with no obligation.
2. **30-minute meeting:** your content, your look, your wishes.
3. **In about 6 weeks:** the Golden Taurus app, ready for your guests.
